

Opening Doors Toronto

*Inspiring, Promoting, and Supporting
Engagement in Your Health, Community Services, and
Meaningful Activity and Involvement*

A free 1.5-day forum for support service providers and
people living with and affected by HIV/AIDS

Opening Doors is a forum designed to strengthen HIV/AIDS counselling and support services by bringing together a diverse range of HIV-related support workers and people living with and affected by HIV/AIDS to support and learn from one another.

This forum will help to:

- Explore opportunities to become more involved in health options – treatment and complementary therapies
- Strengthen the role of service providers and people with HIV (PHAs) to support PHA engagement
- Learn about community services and practical resources
- Consider what “meaningful activity” means to you – including learning, working, and volunteering

We encourage attendance by:

- People living with HIV/AIDS
- Support Workers, Counsellors, and Case Managers in HIV/AIDS Service Organizations, Mental Health, Substance Use, Harm Reduction, and other HIV-related services
- Community Members, Volunteers, and people affected by HIV/AIDS
