

## CALL FOR BOARD MEMBERS

**Are you passionate about Prison Health, Prison Justice,  
Harm Reduction and HIV/Hep C Health Promotion?  
Join our Board of Directors!**

PASAN is looking for people who share our [vision](#) – an end to prisons, health inequities, and the oppressions that drive criminalization, incarceration, HIV and hepatitis C – and who are excited about supporting the work of our organization.

As a member of our board, you'll meet and collaborate with a dedicated group of individuals committed to prisoners' rights, prison justice, and equitable access to HIV, Hep C and harm reduction resources for prisoners and ex-prisoners.

By attending monthly board meetings and participating in one or more board committees, you will have the opportunity to contribute to PASAN's strategic direction and support the organization in communicating and achieving our mandate.

Serving on our board is a deeply meaningful way to share and develop your skills and experience in:

- Non-profit governance
- Fundraising
- Communications
- Advocacy
- Financial oversight

***PASAN is prison justice organization committed to dismantling white supremacy and centering anti-racism and truth and reconciliation. We strongly encourage applications from Black, Indigenous and racialized people, and people with lived experience of incarceration, HIV and Hep C, and/or drug use.***
